MORE DETAILS

## An Incredibly Light, Full-Featured Harness Designed for Remote Rescue Operations

We've fused the lightness of a climbing harness with the utility of a rescue harness in the amazingly lightweight Ranger Harness. This harness combines security and comfort with full rescue features, but won't weigh you down. It's optimized for wilderness and mountain rescue, SAR, ski patrol, and other remote operations. The Ranger Quick Harness features aluminum AustriAlpin Cobra™ quick-release buckles on front leg loops for easy donning and doffing.

## FEATURES

- Aluminum AustriAlpin Cobra™ quick-release buckles on front leg loops (Ranger Quick version only) offer easy step-in and are secure, fast to adjust, and cannot open while loaded
- Low-profile, flexible waist belt and leg loops feature breathable fabric to provide comfortable support while suspended along with optimum packability
- Ventral Load-Bearing Attachment Point rated to 16 kN (3,597 lbf)
- Rear Positioning Attachment Point rated to 13 kN (2,923 lbf)
- Work Positioning Side Attachment Points
- Lightweight aluminum D-ring accommodates multiple rescue-size carabiners
- Contrasting web thread color aids in inspection
- Side gear loops provide easy access
- Corrosion-resistant hardware
- Compatible with most chest harnesses

Item #	Option	Weight	Waist Size	Color
202382	Ranger - Small	790 g (1.7 lb)	66-81 cm (26-32 in)	Black
