Product Information Notice

January 27, 2026

Product: SL FastLink™ Anchor Strap

Part Numbers: 201072, 201073, 201074, 201075

Dear Valued Customer,

Due to a paperwork error, the SL FastLink Anchor Strap (CMC Part Numbers: 201072, 201073, 201074, 201075) was inadvertently labelled with a 41 kN (9,217 lbf) minimum breaking strength (MBS) during the last NPFA certification cycle.

The actual MBS of this product is over 45 kN (10,120 lbf), which is required to meet the standard for NFPA General Use. As of 1/13/2026, we have updated the product labels, literature, and UL records to reflect the actual strength and NFPA required MBS of 45kN (10,120 lbf).

This labelling error has no impact on the function, safety, or reliability of the product. SL FastLink Anchor Straps can remain in service. If you have any questions, please reach out to our customer experience team at 800-513-7455, or info@cmcpro.com.

Thank you for your continued trust and support!
