IMPORTANT INFORMATION FROM CMC

The enclosed short lengths of rope, cord and/or webbing are intended for use in knot practice, as tie-downs, or in other training capacities. It is the responsibility of the user to determine if the weight and use rating of the rope, cord and/or webbing is appropriate for the intended use. The Cordage Institute *Fiber Rope Technical Information and Application Manual* advises the user to make sure that the rope is adequate for the job, especially when personal safety or possible damage to property is involved. If the purchaser is not the user of the product, the purchaser must provide each user with a copy of this notice.
